Gold Shipments Depress Prices in the Early Trading.

Rumors of a Big Deal by the Pennsylvania Road.

A Firmer Tone to the Market and Ludiow Street Jail by Deputy Sheriff Barker, Better Floures at the Close.

WALL STREET, TUESDAY, Feb. 23 .- London was a free buyer of stocks this morning, especially Union Pacific and St. Paul, but this did not prevent a decline in prices. The appouncement that \$1,500,000 gold had been engaged for shipment to Europe to-day overshadowed everything else in the minds of the traders.

The bears are still harping on the talk that Austria intends to draw 20 or 25 millions of gold from the United States, and will pay exravagant premiums if it cannot secure the vellow metal in any other way.

The general list declined 14 to 14 per cent. outside of Chicago Gas, which dropped 234 to

The withdrawal of \$5,00,000 of the \$1,520,000 gold ordered for shipment by the stering exchange, which is furly \$1,900 control to the highest point of last week, had a tendency to strengthen the stock market in the late trading.

Prices moved up rapidly, with Lackawanna in the lead. This stock rose to 100%, against 156% earlier in the day. The improvement otherwise ranged from \$1,500 to \$24,900 cont., the gain being most marked in New Jersey Cental, St. Paul, Union Facine, Rock Island, Atchison, Northern Pacine preserved and Tensessee Coal & Iron.

Atchison, Northern Pacinc preferred and Tennessee Coal & Iron.

The Ches. & Ohio stockholders, in Richmond, Va., to-day, authorized a new mortgage of \$70,000,000 for building branch likes, making improvements, double-tracking and the retirement of preferred stock.

The Economic Gas Company's stockholders held a meeting to-day and confirmed the sale of control to the Chicago Gas Company.

Several other indictments are pending against Field charging forgery and grant larceny.
Field's tirm failed Nov. 27, 1891. Feb o last Assignee Charles W. Gould filed his schedules, which showed that the firm's total liabilities were \$2,151,741.48, or which \$1,073,895.42 were secured and \$1,077,8845.64 insecured. The nominal value of the assets was tlaced at \$1,917,786.36 and their actual value at \$318,326.65. It is said that not more than \$14,000 in all will come into the assignee's hands.
The decense will be that of insanity, which Field's lawyers will try to prove by the testinony of expert witnesses.
District-Attorney Nicoli, however, believes it that Field is as sane at the present time as he ever was in his life. He certainly appeared at he wished to interpose a plea on behalf of the prisoner, under section 558 of the Code, on the grisoner, under section 558 of the Code, on the grisoner, under section 558 of the Code, on the grisoner, under the provisions of the Lova impossible under the provisions of the Lova for the prisoner to plead or to go on with the trial. In other words, he claimed that the prisoner to plead or to go on with the trial. In other words, he claimed that the prisoner to uld not be arraigned and tried while he was insane, and he asked for an indefinite post-ponement of the trial.

District-Attorney solical opposed this motion, and argued that while Field might not now be in a condition to manage himself or his property, he was able to understand the nature of the charge against him, and could therefore be compelled to plead.

Mr. Nicoli claimed that the kind of insanity with which Field was said to be afflicted was not recognized by the code in the section relied upon by the defense.

He wanted the question tried at once before a jury, an alternative within the discretion of the Court.

Judge Van Brunt decided to try the question of the court. e Shore.
